

# 10th International Workshop on Ring Imaging Cherenkov Detectors

## Monday 30 July 2018

### Cherenkov light imaging in particle and nuclear physics experiments - Blue Hall (09:00-10:55)

-Conveners: Neville Harnew; Toru Iijima

time	title	presenter
09:00	Cherenkov light imaging in particle and nuclear physics experiments	Dr PAPANESTIS, Antonios
09:40	Initial performance of Aerogel RICH detector in Belle II experiment	Mr KINDO, Haruki
10:05	The TOP counter of Belle II: status and first results	TAMPONI, Umberto
10:30	The LHCb RICH detectors: operations and performance	GAMBETTA, Silvia

### Cherenkov light imaging in particle and nuclear physics experiments - Blue Hall (11:25-12:40)

-Conveners: Neville Harnew; Toru Iijima

time	title	presenter
11:25	The Hybrid MPGD-based photon detectors of COMPASS RICH-1	Dr TESSAROTTO, Fulvio
11:50	The Large-area Hybrid-optics CLAS12 RICH: Assembling, Commissioning and First Data-taking	MIRAZITA, marco
12:15	The RICH detector of the NA62 experiment at CERN	CENCI, Patrizia
