

10th International Workshop on Ring Imaging Cherenkov Detectors

Friday 03 August 2018

Novel Cherenkov imaging techniques for future experiments - Blue Hall (16:00-18:00)

-Conveners: Jochen Schwiening; Jacques Seguinot

| time | [id] title | presenter |
|-------|--|-----------------------|
| 16:00 | [11] The Upgrade of LHCb RICH Detectors | FIORINI, Massimiliano |
| 16:35 | [35] Status of the CBM- and HADES RICH projects at GSI/FAIR | PAULY, Christian |
| 17:00 | [44] RICH counter development for the Electron Ion Collider experiment | Prof. HE, Xiaochun |
| 17:35 | [54] Development of the PANDA Forward RICH with aerogel radiator | Mr KONONOV, Sergey |

Saturday 04 August 2018

Novel Cherenkov imaging techniques for future experiments - Blue Hall (09:00-10:50)

-Conveners: Jacques Seguinot; Jochen Schwiening

| time | [id] title | presenter |
|-------|--|----------------------|
| 09:00 | [25] The PANDA DIRC Detectors | SCHWIENING, Jochen |
| 09:35 | [18] Status of the GlueX DIRC | PATSYUK, Maria |
| 10:00 | [42] PID system based on Focusing Aerogel RICH for the Super C-Tau Factory | BARNYAKOV, Alexander |
| 10:25 | [79] Photonic crystals as novel radiators for Cherenkov detectors | EASO, Sajan |
